

SCOT

Scottish Cultural Organization of the Triangle
406 Faculty Avenue, Cary, NC 27511

July 2018

Dear SCOT Members,

The time of year is almost here to hold our AGM (Annual General Meeting). This is the time we report on the past year's events and we vote in a new slate of Board Members to lead our organization for the ensuing year.

The Board meets once a month throughout the year to organize various events. If we have new members and a new President joining the Board, then fresh ideas can be brought into the mix, in an effort to suggest different ideas and events for our members.

There has been a suggestion made recently to have Board members serve only for a certain amount of time, which is a great suggestion. But, ... in order to do just that, we need you, our members, to step up to the plate and be willing to take a turn at serving on the Board!!

If anyone has an interest or has questions about serving, please feel free to contact me at anytime.

I leave you with this thought, ... SCOT is "Your" organization. You have the ability to help run SCOT and make changes if and when required. Change can only come about with fresh ideas and input from people willing to stand up and make a commitment.

I look forward to welcoming some new Board Members in August.

Sincerely,

Donald Ross
